

# Marianne Wong

Junior Cybersecurity Analyst

marianne\_wong@protonmail.com | 555-123-4567 | Malaysia

## EDUCATION

Bachelor of Science in Computer Science, Cybersecurity Focus

University of Malaysia, 2023

## SKILLS

Security Tools: Wireshark, Nessus, Metasploit, Splunk, ELK Stack

Programming: Python, Bash, PowerShell, SQL

Security Areas: Vulnerability Assessment, Incident Response, Threat Detection

Certifications: CompTIA Security+, CEH, GIAC Security Essentials

## EXPERIENCE

Cybersecurity Intern - TechGuard Solutions

June 2023 - Present

- Assisted in monitoring security alerts and conducting initial triage
- Performed vulnerability scans and documented findings
- Contributed to the development of security awareness training materials

## PROJECTS

Network Traffic Analysis Tool

- Developed a Python tool to analyze network traffic for suspicious patterns
- Implemented machine learning algorithms to detect anomalies

CTF Competitions

- Participated in 5+ Capture The Flag competitions
- Specialized in cryptography and web application security challenges
